OVERVIEW:

Calgary is truly the **Heart of the New West**. A vibrant city that offers the best of all worlds - a cosmopolitan city of nearly one million with outstanding outdoor adventure and pristine wilderness only an hour away in the Canadian Rockies. It is a place where uncommon energy transforms ideas into action and dreams into reality; where people from around the world come to experience adventure, rich western heritage, pioneering traditions and the majestic Canadian Rockies.

Our roots in Calgary were established in 1982. HDTV Productions Inc. evolved from a cinematography company to the current advanced High Definition specialty production services company. In 1998 we were among the first owner/operators of High Definition digital production equipment. Our experience drives our success.

HDTV is located on a 40-acre Retreat-style Facility in the foothills of the Rockies southwest of Calgary. A breath of fresh air!
